Rank 1 and Score 1000 is good

Clicking on the **Rankings** tab or the “Go to Rankings” icon in the Menu Bar takes you to a dynamic, scrollable table, initially set on the 4 main GEOS dimensions. The table is color coded with low risk being green, medium risk yellow, and high risk red. **In the RCII, like baseball, ranking of 1 and score of 1000 indicates low risk.**

A dynamic, holistic tool that allows users to undertake insightful, clinical diagnoses of countries and international topics.
